## Film & TV Classics

Carl Davis – Conductor  
Claire Rutter - Soprano

Some of the most beautiful melodies in classical music have been appropriated by advertisers and purloined by producers to create emotive moments for the big and small screen. Sit back and enjoy music from films such as Platoon, A Room with a View and Philadelphia, ads including Hamlet cigars and TV themes for the Grand National, the Ashes and Torvill and Dean’s ice dancing music, Boléro.
